Gentlemen:

Enclosed for your review are two copies of the Draft Technical Memorandum 1, Addendum to Field Sampling Plan for Operable Unit No. 13. No changes have been made to the sampling locations that were identified during the site inspection/walkdown conducted on September 27, 1993, with the exception of the slight relocation of sampling points in Individual Hazardous Substance Sites (IHSS) 117.2 to sample points inside Tent Number 1. We request that you review this document as quickly as possible because we hope to begin soil sampling on or about March 15, 1994.

If you have any questions, please feel free to contact Robert Birk of my staff at 966-5921.

Sincerely,

Jessie Roberson
Acting Assistant Manager
for Environmental Restoration
